Medical & Surgical
Diseases of the
Retina & Vitreous**

Medical School

Duke University Medical School

Residency

John Hopkins Hospital, The Wilmer Eye Institute

Fellowship

Retina & Vitreous Surgery, Duke University Eye Center

Jawad Qureshi, MD is a fellowship trained, board certified ophthalmologist specializing in medical and surgical diseases of the retina and vitreous. With his surgical expertise, he is highly skilled at performing the latest surgical techniques for repair of retina detachments, macular holes and macular puckers, and many other vitreoretinal procedures. Dr. Qureshi has contributed to the field by co-authoring several journal articles and presenting at national meetings. He is a member of the American Academy of Ophthalmology, Texas Medical Association, Tarrant County Medical Association, and American Society of Retina Specialists.

Dr. Qureshi is proud to provide compassionate and quality eye care at his new location, equipped with the latest state-of-the-art technology.

Available for appointments and consultations in Grapevine and Fort Worth.
