UT Southwestern Medical School

Ophthalmology Residency

UT Southwestern Medical Center

Fellowship

Medical and Surgical Retina, UT Southwestern Medical Center

Dr. Warminski is a fellowship trained, board certified ophthalmologist specializing in medical and surgical diseases of the retina and vitreous. With his surgical expertise, he is highly skilled at performing the latest surgical techniques for repair of retinal detachments, epiretinal membranes (macular puckers), macular holes, diabetic tractional detachments, and many other vitreoretinal diseases. He also specializes in the medical treatment of age related macular degeneration, retinal vein occlusions, and diabetic retinopathy.

He is a member of the American Academy of Ophthalmology, American Society of Retina Specialist, Texas Ophthalmological Association, Texas Medical Association, and Tarrant County Medical Association. A lifelong Texan and father of 3, Dr. Warminski is committed to the community he serves. He strives to provide personal, respectful, and compassionate care for patients while treating their retinal disease.

Available for appointments and consultations in Grapevine and Fort Worth.
